Why Use Fleet Mortgages

We are Fleet Mortgages, a people-focused business specialising in buy-to-let lending. We've been providing our fair and trusted service since 2014, and we were acquired by Starling Bank in 2021.

Today, we continue to start good conversations with intermediaries and brokers looking to secure finance for landlords and limited companies of all shapes and sizes.

We pride ourselves on delivering exceptional BTL solutions to our partners while building a business to be proud of.

A brilliant lender...

"A brilliant lender for property investors- great policy around those who purchase properties in need of work, refurbish them and then want to let them long term. Naz and Dave are great- knowledgeable BDMs who are always available to offer advice and support with complex cases."
